OPERATING GUIDE

When using the stainless steel mouthpiece:

1.Remove the stainless steel mouthpiece, exposing the heating coil.
2.Use the dab tool to put a small amount of concentrate into the heating element, then put the mouthpiece back onto the base.
3.Click the button 5 times in quick succession to turn XVAPE V-ONE 2.0 on. The LED light will flash 3 times indicating the unit is on.
4.Press and hold the button, then inhale slowly and deeply from the mouthpiece.
5.The XVAPE V-ONE 2.0 has 2 different temperature, press the button 3 times to toggle between the two temperature settings. ● Low ● High

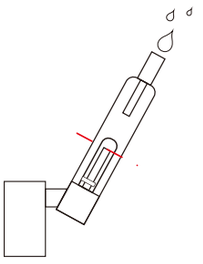
When using the glass bubbler attachment

1.Take the Glass Bubbler Mouthpiece out from package box, then put on the atomizer base and cover the heating.
2.Use the dab tool to place a small amount of concentrate onto the heating coil.
3.Follow instructions 3., 4., 5., from stainless steel mouthpiece instructions.

LOW POWER: The light will flash 10 times and the device will automatically shut off.

FILLING WATER FOR GLASS BUBBLER

1. Fill water to the XVAPE V-ONE 2.0's bubbler from its mouthpiece.
2. The water level can not be higher than the middle pole in the bubbler.
3. Do not blow, cough or laugh into the mouthpiece during use. Or the device will may be damaged.



CHARGING

1.To protect and extend the battery, It is recommended to charge your XVAPE V-ONE2.0 vapor pen at least 6 hours before initial use.
2.When plugged in and charging, the red led will be on.
3.The red led will turn off when the battery is fully charged.

If you have any concerns or if there is any problem please switch off the XVAPE V-ONE 2.0 and remove from the charger immediately. Do not try to remedy any defect yourself. Contact our customer service directly at support@topgreencig.com

Warning: XVAPE V-ONE 2.0 CANNOT BE USED WHILE CHARGING. Use while charging is dangerous. After using the V-ONE 2.0 concentrate pen or charging, please allow the device to cool down before storage. The V-ONE 2.0 should be stored in a clean dry place protected against the effects of weather and out of the reach of children.

HEATING COIL CLEANING & COIL REPLACEMENT

1.TO CLEAN YOUR HEATING COIL: While your device is turned off, first unscrew your XVAPE V-ONE 2.0 heating coil from its corresponding base. You may either use a damp cotton swab to clean your mouthpiece and inside of your heating coil or directly submerge the two pieces(Mouthpiece and Heating Coil) in isopropyl alcohol. Once clean allow both pieces to air dry or dry off with a soft cloth or towel.
2.TO REPLACE YOUR HEATING COIL: Simply remove your mouthpiece, and unscrew the current heating coil from the base of the XVAPE V-ONE 2.0. Once the used heating coil has been removed you may now install the replacement by screwing it directly back into the base. Reinstall mouthpiece.

DO NOT SUBMERGE OR CLEAN BATTERY WITH WATER OR ISOPROPYL ALCOHOL.
Always detach XVAPE V-ONE 2.0 heating coil from battery prior to cleaning. (**DO NOT TOUCH THE HEATING ELEMENT IMMEDIATELY AFTER USE**)

LIMITED WARRANTY

The product is warranted for a period of six months from purchase with receipt or six months from date of manufacture without receipt against defects in manufacturing, workmanship, and materials. This device is designed for the use of legal concentrates only. Any use of the XVAPE V-ONE2.0 with illegal substances will void the warranty.

The warranty does not apply to damage caused by accident, abuse, misuse, natural disaster, user error, or use outside the intended use described in the manual. Use outside the intended use as described in this manual also includes any tampering with device in any way including but not limited to modification to alter functionality or modification to alter appearance.

The warranty also does not apply to cosmetic damage including but not limited to dents, scratches/chips to finish, and/ or broken plastic parts.
